March 23, 2020

Dear Supplier Partner and Clients,

On **March 23, 2020** the Governor of Michigan signed an executive order (EO2020-12) directing all Michigan businesses to temporarily suspend activities that are not necessary to sustain or protect life.

Formax Mfg. products are supplied to the distribution and industrial sectors; including the pharmaceutical, aerospace, mechanical, aircraft, textile and food industries that are necessary to sustain or protect life. As such, Formax Mfg. is deemed an essential business.

In order to maintain the supply chain to our life sustaining clients and partners, Formax Mfg. will continue to remain open, fulfilling order commitments, in a limited production capacity.

At the same time, we have reduced our onsite employees to the essential workers who are not able to perform their critical duties from home while also implementing social distancing and increased sanitizing practices.

We thank you for your support and wish you good health and well-being during these challenging times.

Sincerely,

Andrew J. Johnston  
President

Manufacturers of: Buffing Wheels and Compounds, Abrasive Finishing Products and Chemical Specialties.
